

Commitment Declaration

[Wismar Pellets GmbH](#) actively pursues initiatives aimed at enhancing sustainable biomass practices.

Our company is committed to comply with the requirements outlined in the EU Renewable Energy Directive of 2018 (REDII 2018/2001) and the normative documents of the EU approved certification systems. We manage our data and mass-balance accounts in accordance with the principles and requirements set forth by the REDII, ensuring a traceable flow of sustainable biomass.

At our company, we believe in working closely with responsible stakeholders and business partners. We actively follow the developments in the field of new regulations and agreements concerning the sustainability and legality of wood resources and engage with stakeholders in multiple ways.

We warmly invite you to reach out to us for more information about our company and corporate policies, or if you have any concerns related to our business or supply chains.
